

IURS 2009 Summer School on Visuomotor Interaction - FINAL PROGRAM

| | Sunday 13 | Monday 14 | Tuesday 15 | Wednesday 16 | Thursday 17 | Friday 18 |
|-------------|--------------------------------------|--|--|-------------------|---|--|
| 9:00-9:30 | Reception at the Bonaire Hotel | Welcome | Poster session | BUS to University | Student presentations | Student presentations |
| 9:30-10:45 | | Active perception in biological and artificial systems M. Rucci | Vision with jittering eyes M. Rucci | Technical session | Interaction of monocular and binocular vision C.J. Erkelens | Coding of depth in the oculomotor system C.J. Erkelens |
| 10:45-11:15 | | Coffee Break | Coffee Break | Coffee Break | Coffee Break | Coffee Break |
| 11:15-12:30 | | Neural encoding of visual space and motion C. Galletti | The dorso-medial visual stream in visuomotor interactions P. Fattori | Technical session | Tactile exploration of the near space R. Matuk | Antropomorphic robot heads G. Cannata |
| 12:45-13:45 | | Lunch | Lunch | Lunch | Lunch | Lunch |
| 14:30-15:45 | | Learning from examples M. Van Hulle | 3D dynamic perception in humans and machines S.P. Sabatini | Technical session | Free afternoon for social and sport activities | Closing ceremony |
| 15:45-16:15 | | Coffee Break | Coffee Break | Coffee Break | | |
| 16:15-17:30 | | Eye movements in spatial exploration and representation M. Lappe | Attentive Cognitive Agents F. Hamker | Technical session | | |
| | | 19:00-21:00 Welcome cocktail | | | | 20:00-24:00 Dinner with Karaoke party |
